Report on Workshop on Awareness of Intellectual Property Rights

Date: 19th November, 2018

No. of Participants- 69

Time- 11am onwards

Venue – SVKM's Dr. Bhanuben Nanavati College of Pharmacy, Mumbai

To Encourage Widespread Awareness understanding of the role that intellectual Property plays in fostering a creative and innovative Culture was conducted on 19th November, 2018. The invited speaker for the session was Adv. Ms. Bhagyashri Ranade who pursued L.L.B, Post Graduate Diploma in Law (PGDL) in securities Law and currently practicing in Bombay High Court. She enlightened the audience and educated the students about Awareness of Intellectual Property Rights.

The session began as the host invited the speaker Adv. Ms. Bhagyashri Ranade and she explained the importance of IPR. This Program was conducted for generating awareness among participants regarding what is IPR rules on how to protect patents, copyrights, trademarks, publication, books, projects and other form of IPRS. Students answered and made it interactive. This was mainly conducted to bridge a gap between industry and academics. This encouraged students to understand the role that intellectual property plays in fostering a creative and innovative Culture. It also helped students to understand how to respond to infringements of rights including patent rights. They Further elaborated on the issue related to patents filing and procedure of patent issues filing, importance and scope of IPR in academic research. In order to enhance innovation, competitiveness and economic growth in India, it is imperative to harness Intellectual Property. More specifically, with the phenomenal growth of Indian IT sector and its need to move up the value chain, it is important that to foster innovation, Intellectual Property Rights generated in India needs to be legally protected and exploited. Low awareness of IPR procedures and methodologies specifically for a complex area like E&IT is one of the reasons for a low IP portfolio from India. With the growth of the IT industry as

well as other technical sectors an urgent need is felt to protect the IPR generated out in India. Scientists and scholars alike need to be able to protect their ideas and ensure that their Intellectual property is protected. The government of India, through its made in India campaign is further promoting innovation in fields of electronics, computers software, telecommunication and creating large public awareness about the pivotal role of IPR in globalized knowledge economy.

After the explanation of importance of IPR in research the participants asked their questions to the speaker and the speaker answered their questions patiently.

The session ended with token of appreciation and thanking the speaker for enlighten with the knowledge and also the host thanked the students for interaction during session.
