PRINCIPAL'S DESK

"Teachers can open the door, but you must enter it yourself."

- Chinese proverb

SVKM's Dr Bhanuben Nanavati College of Pharmacy has always been at the forefront in nurturing the potential of the students and faculty members. I am delighted to be a part of this vibrant institute of learning. Our educational system focuses not only on pure academics, but also provides opportunities to each student to explore their co-curricular, and extra-curricular and entrepreneurship skills. The constant growth in research and academics in the recent past has brought remarkable achievements to our institute. Every milestone achieved would not have been possible without the efforts and cooperation of the SVKM Management. I appreciate the efforts of every individual who has been a part of our accomplishments. At present, the College conducts Four Year B. Pharm degree program which is re-accredited in the second cycle by the National Board of Accreditation (NBA) for 6 years till 2029. The college has received a remarkable CGPA of 3.64 (A++ grade) in the 1st cycle of NAAC.
