Placement Brochure  
2023-2024**

The bird's journey serves as a powerful metaphor for students' growth and evolution throughout their college life. It captures their transformation from learners to professionals, showcasing their development and prospects. Similar to a bird's growth, individuals enhance their skills and knowledge, spreading their wings to reach new heights.

## Vision

To be recognized as a top pharmaceutical institute and to provide affordable quality education, while equipping students with knowledge and skills in their profession and to inculcate values, identify hidden talents, provide opportunities for students to realize their full potential and thus shape them into future leaders, entrepreneurs and above all good human beings.

## Mission

To create and provide congenial environment for higher education and research through well-qualified motivated faculty and state of the art infrastructure.

To strengthen the learning process through innovative teaching methodology and stimulate professional competency that meet the dynamic needs of the pharmaceutical and healthcare industry.

To imbibe in graduates attributes of inquisitiveness, leadership, sensitivity and responsiveness towards the societal healthcare needs.

## Program Education Objectives (PEOs)

**PEO1:** Graduates equipped with sound pharmacy knowledge lead successful and competent professional life in the pharmaceutical and healthcare industry.

**PEO2:** Graduates pursue higher education in reputed national and international institutes.

**PEO3:** Graduates are professionally competent and socially sensitive.

## **President's Message**

On behalf of SVKM, I take this opportunity to express my views about our fresh, vibrant graduate and post graduate students who will be excelling from SVKM's Dr. Bhanuben Nanavati College of Pharmacy (BNCP) and entering the professional world in the year 2023.

The vital role that pharmacy plays in our daily life and overall growth is acknowledged in every corner of the nation during the last seven decades since independence. There has been a rapid expansion in the healthcare sector of the nation. The college has developed a positive attitude to maintain the standard of pharmacy education which will contribute in nurturing committed professionals and accelerating high standards of research.

One of the strongest parameters used to rank the success of an institution is placements. The institute's programs along with provision of a world-class infrastructure, highly qualified faculty members and well updated laboratories for hands-on experience offer our students a comprehensive learning experience. Our students at Dr. BNCP are trained in such a way to integrate their knowledge to the real time problems of business and industry.

Our institute inculcates the values of professionalism, ethics and commitment in our students. I take this opportunity to invite national and international companies to collaborate with our students.

**Mr. Jayesh P. Choksi**  
Mentor, BNCP  
Chairman and MD, Gufic Biosciences Ltd.

## Message from the Chairperson

SVKM's Dr. BNCP is one of the most reputed and top Pharmacy institutes in Mumbai and is ranked 38th in the country by the National Institutional Ranking Framework (NIRF- 2022). College has received an A++ Grade with a remarkable 3.64 CGPA on a 4 Point Scale in the 1st cycle National Assessment & Accreditation Council (NAAC). College is also re-accredited by National Board of Accreditation (NBA) for 6 years (A.Y.2023-24 to A. Y .2028-29). I appreciate Dr. BNCP's long standing relationship with all our recruiters.

The institute has good state-of-the art infrastructure with modern sophisticated pharmaceutical instruments along with highly qualified faculty members that helps to meet the challenges of pharmaceutical technologies across the globe. I am proud to state that Dr. BNCP has successfully bridged the gap between industry and academia, through various events, training programs, guest lectures, industry visits, skill based certifications

courses based on inputs from our industry advisory committee. The entrepreneurship cell and Institute Innovation Council provide a platform for students to develop start ups and business ideas. This brings holistic professional grooming to our education to nurture the students as a true professional and individual. This trend is also reflected through the academic achievements of our students at annual pharmacy based competitions like Rx fest, overall champions at Avishkar competition organized by Mumbai University and our alumni progressing careers across pharma industry.

I wish to thank all our existing and new industry partners for their valuable support and looking forward to see you again on the campus as placements provide brilliant opportunities to the organizations by hiring students with different capabilities and talent adding value to your workforce.

**Dr. Munira Momin**  
Principal

## Note from Principal

The institute has a glorious standing of 19 years and continues to evolve as the most reputed Pharmacy College in Mumbai. At SVKM's Dr. BNCP the students are expected to have an enriching and life-turning experience that propels them to take advantage of the new opportunities in life. College has received an A++ Grade with a remarkable 3.64 CGPA on a 4 Point Scale in the 1st cycle National Assessment & Accreditation Council (NAAC). College is also re-accredited by National Board of Accreditation (NBA) for 6 years (A.Y.2023-24 to A. Y .2028-29).

We foster sharpening of skills and enhancement of the knowledge base in our students through various extra-curricular, co-curricular and curricular activities through faculty who not only keep themselves at par with the current developments but also contribute to the

expansion of knowledge in their field of expertise. The faculty members contribute substantially to the academic world through quality teaching, publications, seminars, conferences, etc. The excellent goodwill we enjoy with the corporate world generously contribute to our various academic process. The corporate interactions including corporate supported projects undertaken by our students under faculty supervision provides a close hands-on-experience to our students.

I would like to extend my sincere gratitude to all our industrial partners who have been recruiting our students. I look forward to inviting many more organizations to get associated with us in our placement drive and to build a sustainable and mutually beneficial relationship.

# About SVKM's Dr. Bhanuben Nanavati College of Pharmacy

# Infrastructure and Facilities

The institute has state-of-the-art infrastructure and resources to impart quality education and to provide a conducive learning atmosphere to achieve its vision and mission. The institute has ICT-enabled classrooms , well-equipped laboratories, an administrative office, a library, a seminar hall, common rooms for boys and girls, faculty rooms, washrooms, hostel facility, playgrounds for indoor and outdoor games, a gymnasium and auditorium for students to conduct various curricular and extracurricular activities.

## Class Rooms & Tutorial Rooms

All classrooms are equipped with smart boards and interactive ICT tools to facilitate interactive learning. Institute has 7 classrooms /3 Tutorial Rooms/2 Seminar Halls/ 1Conference Room/ 1 Auditorium. The Juhu Jagruti Hall and Seminar Hall on the First floor have audio-visual aids and a seating capacity of around 100 each. The Seminar Halls are equipped with advanced technology where several guest lectures, paper presentations, debates, discussions, seminars, and conferences are organized throughout the year by various departments.

## Library

The institute library is fully air-conditioned, well-furnished and digitized/ computerized with the latest world-renowned KOHA library management software. It has a growing collection of 8481 hard books, 18 National & International Hard copy Journals, 54 e-databases including 13000 e-books and Elsevier Science Direct AICTE Package 70 e-journals of Pharmacy Collection covering all aspects of pharmaceutical sciences with remote access. To create awareness of research ethics, subscription-based Turnitin software to check plagiarism and access to the language lab system is provided to all.

## Laboratories

The college has spacious and dedicated laboratories for all the UG, PG, and Ph.D. programs. All laboratories are fully equipped with water, gas, and electricity supply and safety features (fire extinguishers), which provide a good atmosphere for academic and research work. Each laboratory is equipped with an adequate number of instruments and equipment.

## Medicinal Garden and Museum

"SATVA VATIKA" the medicinal plant garden of the college covers an area of 71.35 feet. The plants include medicinal herbs, shrubs, trees, and xerophytes. These are used widely as food, medicine and cosmetics e.g, Aloe vera, ashoka, cinnamon, amla, bael, eucalyptus, datura, brahmi, black pepper, and Baheda etc. Establishment of the medicinal garden has helped in generating awareness about medicinal plants and their applications among the students.

## Central Instrument Laboratory

The Central Instrument Laboratory (CIL) is air-conditioned, well-equipped with latest modern analytical equipment and instruments like HPLC, Particle size analyser (Nano), UV-Vis Spectrophotometers, Lyophilizer, Deep freezer (-30°C & -80°C), Ultraturax homogenizer, Brookfield viscometer, Photographic microscope, Probe sonicator, Microplate reader, Fluorescence microscope, FTIR/ ATR, Data acquisition system, Lab Homogenizer, DSC, LCMS, GC, Computer Aided Drug design software, 3- D printing machine for tablets, Nano Fiber electrospinning unit and several other instruments to facilitate research activities in the college.

## Computer Lab & E-Learning Lab

Our computer laboratory is well equipped with computers with internet access available to all students. The lab is comfortably designed to seat with air conditioning. It is available for use to students for their regular computer practical sessions as well as for preparation of seminar / symposia presentations.

## Pilot Plant

A Pilot Plant is a pre-commercial production lab that employs new production technology and/or produces small volumes of new technology-based products, mainly for the purpose of learning about the new technology. It is well equipped with latest pharmaceutical equipment/machines like High Pressure Homogenizer, All Purpose Equipment, Lab. Spray Dryer, analytical Precision Weighing Balance, Moisture Balance, Tablet Compression Machine, Hot Air Oven (tray Dryer), Coating Machine, Rapid Mixer Granulator, Fluid Bed Processor, Bottle Washing & Brushing Machine, Double Cone blender, Multi Mill, Extruder & Spheronizer, Reynolds Apparatus, Bernoulli's Apparatus, Venturi/Orifice Meter, Filter Press, Vacuum filter Press, Mini Roll Compactor.

## Animal House

The college has state-of-art Animal House facility registered by CPCSEA, Government of India. It provides pre-clinical testing in conformity with national and international regulatory guidelines. The animal house facilitates the availability of healthy animals for UG and PG research projects and for research/outsourced testing. An incinerator is also available at the animal house.

## Cell Culture Laboratory

The Cell culture laboratory has the capacity for routine cell culture (feeding and sub culturing) and maintenance (cryo preservation of cell cultures). The laboratory is equipped with cell storage facilities like CO<sub>2</sub> incubator, -20°C Freezer, -80°C Freezer & Liquid Nitrogen (-140°C). Cell lines are maintained for in vitro screening of both natural and synthetic compounds for various pharmacological activities such as, cytotoxicity testing, cyto-compatibility studies and screening of drug candidates for anticancer activities.

## Recreation Facilities

The college has provided a modern sports facility which includes a sports room for indoor sports like Table Tennis, Carrom, and Chess etc.

## Facilities for the Divyanjan

The college has a ramp facility at the entrance and other necessary infrastructure for hassle free movement of physically handicapped students.

# Program and Course Details

## B. Pharm

SVKM's Dr. Bhanuben Nanavati College of Pharmacy offers a four-year degree program in Bachelor of Pharmacy, as prescribed by University of Mumbai under guidelines set by Pharmacy Council of India. The multidisciplinary facet of this program is reflected by the wide range of subjects offered to the students under the curriculum. It also includes one-month training programs for students at Hospital Pharmacy and Industry. Combination of academics, non-academics and industry knowledge yields industry ready graduates.

## M. Pharm

SVKM's Dr. Bhanuben Nanavati College of Pharmacy provides two-year program in Master of Pharmacy having four specializations viz. Pharmaceutics, Quality Assurance and Pharmacology, Pharmaceutical Analysis as prescribed by University of Mumbai under the guidelines set by Pharmacy Council of India.

### Pharmaceutics

Pharmaceutics is a science of designing a dosage form in which a new chemical entity is formulated in a safe and efficacious environment. The M. Pharm program exposes students to Novel Drug Delivery systems for achieving target specificity, working in line with changing industry requirements.

### Pharmacology

This department is involved with mechanistic research. Lab and theory sessions enable students to grasp knowledge of avenues like Pharmacovigilance, Clinical research and Regulatory Affairs. This program yields students equipped with knowledge of planning and conducting experiments on animals.

### Quality Assurance

This involves planned and systematically conducted experiments with the aim to fulfil quality requirements of a product. This program covers the latest industry trends, standards like ISO and Six Sigma and importance of QA in the food, cosmetics and pharmaceutical sector.

### Pharmaceutical Analysis

This course offers key skills in pharmaceutical analysis, including measurement, scientific practice, evaluation and interpretation of data. Students will study recent trends in analytical science and techniques and be introduced to pharmaceutical technologies, such as formulations and clinical pharmacokinetics. Through your research project, you will develop valuable research skills.

## Ph.D.

Dr. Bhanuben Nanavati College of Pharmacy under the guidance of experienced and renowned faculty provides on campus Ph.D. programs for:

### Pharmaceutics

The doctoral program in Pharmaceutics trains research scholars in fundamental aspects of drug absorption, disposition and delivery to optimize drug efficacy and minimize toxicity. Knowledge of Pharmacokinetics pertains to facets like drug delivery, absorption, distribution and elimination.

### Pharmaceutical Chemistry

The doctoral program trains research scholars to specialize in stages of drug development such as discovery, optimization, assessment, or outcome. Other areas may include pharmaceutical policy, molecular pharmaceutics, medicinal chemistry and pharmacotherapy.

### Pharmacology

The Doctoral Program trains research scholar to analyse how a drug affects the biological system and the reaction of the body to the drug. It allows the research scholar to learn about the medication origins, additives, biological effects and medical applications.

## Skill Development Programs

The college has established a strong industry linkage and regularly interacts with experts from well-known pharmaceutical industries. The college has been able to identify gaps in the curriculum. Considering the global scenario and current trends, the college aims to train its graduate and postgraduate students to face professional challenges and be abreast with knowledge and technical expertise. The college has introduced short term certificate courses, mentored by eminent industry professionals.

B. Pharm  
Batch 2011-2015  
Export Sales Manager, Rx Lifecare

As a proud alumnus of Dr. BNCP, I can say that BNCP has been a positive learning experience for me with immense support of highly qualified professors who continue to inspire to go beyond books and engage with healthcare to achieve extraordinary heights in the community and research field.

Dr. BNCP continuous development in expansion of faculty and upgradation of infrastructure has definitely earned it spot to be one of the top sought after collages for Pharmacy. I am very thankful to have passed out of BNCP and having strong ethics and immense knowledge inculcated in me that have set me up for success. I truly miss my time there.

B.Pharm  
Batch 2011-2015  
Senior Scientist, Teva Pharmaceuticals, Salt Lake City, USA

For me, Dr. BNCP was not just a place of learning, it was home. Over the course of four years, my BNCP journey was fun-filled and enriching. My faculty members were extremely warm and understanding, going in-depth with every subject. More so, non-faculty members treated us like family and their contribution to my career cannot be overlooked. I can confidently say, my research career blossomed because Dr. BNCP managed to strengthen my basics, which are still helpful and relevant today in my professional career. Along with this, the college was instrumental in moulding me as a leader by actively involving us in numerous student councils and committees. Dr. BNCP even boasts a strong alumni network spread all over the world, which is always a plus. This is where you would want to be if you want to pursue quality education in the field of Pharmacy.

M. Pharm

Batch 2019-2021

Product executive, Janssen (J&J) Pharmaceuticals.

Dr. BNCP has been the foundation for many of us like me, and it has helped us in not only strengthening our careers but made us a part of one of the best networks in the pharmaceutical industry. I take pride as all the students are doing great not only in India but across the world and the college has been a catalyst in this journey. The college has given us the best of mentors in our teachers and wonderful memories over the years. Very grateful to have been in Dr. BNCP.

B.Pharm

Batch - 2007-2011

Group Product Manager, Glenmark Pharmaceuticals.

I had the opportunity to complete my B.Pharm from Dr. BNCP. This was the foundation for my pharma career and I am very grateful to my college and especially teachers who provided me with the required knowledge and skills to excel. Dr. BNCP also has a very good infrastructure for students for theory and practicals.
